Monkey Puzzles in Ceredigion

Ciliau Aeron Vicarage around 1910. (photo Peter Davis collection)

Helen Harrison is a garden writer and photographer who writes regularly for the RHS. She was brought up on the Cardiganshire/Carmarthenshire border, and on her return to Ceredigion has made a comprehensive study of the Monkey Puzzle trees planted in both great and modest gardens in Wales over the last two hundred years.

All welcome. Donations invited. A chance to meet and join the Welsh Historic Gardens Trust.
